

UNIWORLD

PLANETARY MIXERS (E Series) - ETL

MODEL # UPM-20E

Shipped on a pallet
via freight co.

FEATURES

- This mixer is heavy-duty, precision crafted, versatile unit, totally enclosed, permanently lubricated, thermally protected motor.
- Gear driven and has 3 pre-selected fixed speeds.
- # 12 taper hub front port.
- This unit uses a planetary mixing action that consistently blends, mixes and aerates all ingredients with satisfactory results.
- Equipped with an overload switch to protect the motor.
- Heat treated carbon steel gears are fully sealed to allow durability and dependability with quiet operation.
- A hardened steel worm and alloy bronze worm gear transmit power from motor to transmission.
- Manual bowl lift is lever operated and self-locking in top position.
- The stainless steel, wire front bowl guard opens easily for adding ingredients.
- The safety guard prevents the unit from running if it is opened.
- This unit comes standard with Stainless Steel Bowl, Spiral Dough Hook, Flat Beater, and Stainless Steel Wire Whip.
- The switches are moisture resistant.
- ETL Approved.
- Shipped in wooden crate/pallet via freight company.
